SEK
SOLUTIONS

TACTICAL TO TECHNICAL

SEK Solutions is a nationally recognized diversity supplier with the capabilities, skilled personnel, proven past performance, and resources to meet and exceed your expectations. We have become an industry leader in both government and military sectors for equipment and services. For over a decade, our proven relevant experience has provided us with great insight to help fulfill your mission and operational readiness. Whether your requirement is at home or abroad or whether your need is emergent or sustainment, SEK Solutions will make your satisfaction our priority.

OUR MISSION

SEK Solutions' mission is to provide our customers with the best customer service, best in-class pricing for equipment and services, and rapid response and efficiency through our contracting vehicles while adhering to the highest ethical standards and statutory regulations.

ASSET INVENTORY MANAGEMENT

SEK Solutions can effectively manage, track, and ensure accountability for your inventory providing you with total asset visibility. Through our state-of-the-art Asset Inventory Management System (AIM), you can build a system that can make your supply management operations more efficient and productive.

AIM sets the standard for complete inventory and asset management, tracking visibility. Government buyers can now purchase AIM on our GSA Schedule.

AIM SYSTEM MODULES

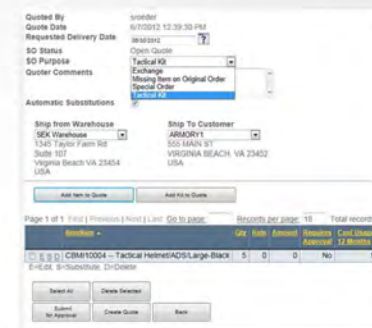

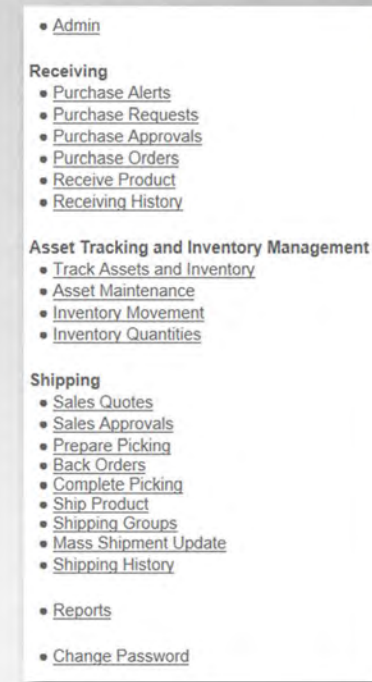

- **WAREHOUSE MANAGEMENT SYSTEM** – The outbound functionality enables the powerful orchestration of the picking, shipping, loading and replenishment processes to drive highly efficient order fulfillment operations.
- **ASSEMBLY & KITTING MANAGEMENT SYSTEM** – AIM uses a multi-level bill of materials to define the relevant items to be assembled or kitted.
- **ORDER MANAGEMENT SYSTEMS** – AIM is web enabled, meaning it easily supports remote customer service agents and call centers.
- **FORECASTING ANALYSIS** – A powerful forecasting system that allows users to predict future orders and budgets, as well as measure forecast accuracy, ensuring that the correct products and quantities are available to meet sales and distribution demand.

MOTOROLA RFID SCANNER

AIM CAPABILITIES :

- **100% INVENTORY VISIBILITY:**
All Vendor, Gear, Complete AEL Lists
- **WEB BASED:**
24 Hour Visibility CONUS and OCONUS
- **UNIQUE ASSET TRACKING:**
Asset Accountability and Command Level & War Fighter Level
- **ROLE BASED SECURITY:**
Set Usage, Visibility and Report Access
- **REPORTING:**
Built-in or Ad Hoc
- **BAR CODING AND RFID TECHNOLOGY:**
Unique ID
- **MAINTENANCE TRACKING:**
Schedule maintenance and lifecycle management.
- **CUSTOMIZATION:**
Unlike other software vendors, SEK will customize AIM to fit different requirements.
- **USER-FRIENDLY:**
Drop Down Menus, Easy to Navigate, No Programming Required

- Pallet & Storage Racking (All Types)
- Portable Arms Vaults
- Storage Lockers (All Types)
- Wire Cages & Partitions
- Weapon Storage & Armory Design

WEAPON STORAGE

SecureIt's WEAPON STORAGE PLATFORM

All things being equal, the simplest solutions will prove the most effective. SecureIt's mil-spec weapon storage platform features a patent pending 2 piece saddle system that provides secure and proper storage for all military weapons. Forward thinking design focuses on flexible organization, allowing users to easily adapt in a rapidly changing environment.

MODEL 84 TACTICAL CABINET

14 gauge welded steel construction. Allows visual inventory with cabinets locked. Compatible with RFID asset tracking.

SHIPBOARD
Approved for use on naval vessels.

No tools required to reconfigure rack using SecureIt's saddle system. Accommodate your weapons list with unlimited configurations.

IT'S THAT FLEXIBLE.

SecureIt WEAPON STORAGE

SADDLE SYSTEM

Upper Saddle Component

Adjusts on louvered back panel according to weapon length. ABS saddle supports barrel, rail or magwell without scratching weapon.

Lower Saddle Component

Works in conjunction with upper saddle. Easily adjusts to provide a secure base for all weapon stocks, spade grips, back plates and other weapon systems.

TACOM APPROVED

SecureIt NSNs

Five NSN configurations will solve all of your weapon and gear storage needs.

OPEN RACKING

SecureIt EXP System

Heavy duty racks for secured locations. 500 lb. Loading capacity per shelf with optional height extensions on single or double-sided post and panel system.

WEAPON & GEAR STORAGE

SecureIt TGS Series

72" (1829mm) High weapon and gear storage cabinets. The new Mini TA-50 Locker is 18" (457mm) wide x 24" (610mm) deep with all welded 14 gauge steel construction.

UNIT LOAD DEVICES

◀ RAPID DEPLOYMENT TACTICAL CONTAINER

FEATURES

- Fully airworthiness NAVAIR certified for transport in fixed wing and rotary wing aircraft
- Seamless end-to-end movement (can be tied down directly to aircraft floor or truck bed)
- Fully maintainable / repairable / replaceable parts
- 40% lighter than conventional containers

KEY ADVANTAGES

- Highly resistant to impacts – tested to 10,000 lbs (4,500 kg) impact on walls and doors
- Enables rapid deployment of troops
- Fully rated air transportable / slingable
- Maintainability: Any damaged part can be repaired or replaced on location
- Water resistant
- Adaptable interior design for specialty uses such as transport of high-end electronics systems
- Lighter weight means significant cost savings in fuel

COLLAPSIBLE IN LESS THAN 5 MINUTES!

step #1

step #2

step #3

step #4

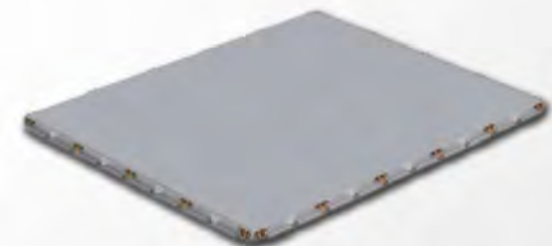

step #5

◀ LIGHTWEIGHT AIRCRAFT PALLET

FEATURES

- Fully airworthiness certified by the Air Transportability Test Loading Agency (ATTLA) U.S. Air Force
- 40% lighter than regular 463L pallets
- Compatible with 463L load restraint system
- Corrosion, heat and moisture resistant
- High cargo capacity (10,000 lbs/ 4,536 kg)
- Fully maintainable / repairable /replaceable parts

FACILITIES SUPPORT AND BASE OPERATIONS

From issuing equipment to military and security personnel CONUS and OCONUS, maintaining government facilities and warehouses, to installing modular office furniture, SEK Solutions has the proven past performance providing facilities support and base operations services and products.
