

MATRIX

myBox

Your Private
Guardian

OVERVIEW

MATRIX MyBox is the most advanced self-deposit system for personal belonging such as phones, keys, wallets, laptops and others.

Where ever you wish to allow random visitors or selected users to self-deposit private objects with the most secure and advance system – MATRIX will be your best choice

FRAME

A space saving wall-mounted unit for low storage capacity

COMPACT

Desktop unit with five drawers maximum

ULTRA

Floor standing unit with massive storage capacity (up to 12 drawers)

HOW DOES IT WORK

1. IDENTIFICATION

The drawers are locked.

Each user will need to identify in order to proceed

Biometrical, personal tag or typing user code are optional

DOCUMENTATION

In order to increase system safety, every activity is recorded by a unique video camera

2. ASSIGNING COMPARTMENT

The system will assign private compartment which will pop-up open automatically after the user pulls the illuminated drawer

The specific compartment will reopen only by the same user

ENDLESS STORAGE CAPABILITIES

The compartments configuration can be adjust in order to achieve maximum capacity utilization

MATRIX FRAME

Up to 66 cellular phone compartments

Bigger sizes are available
